FALL 1920

TRADE LIST

CUSTOMERS are requested to state the mode of conveyance by which they desire their trees forwarded. When no route is named, we forward to the best of our judgment, without liability for error or delay.

RESPONSIBILITY.—After goods are placed on board cars here, we assume no responsibility for their safe or prompt delivery, or any injury caused by delay in delivery by the transportation company.

ALL CLAIMS must be made upon receipt of goods.

TERMS CASH, on or before delivery to express or railroad agents, unless by special arrangement.

Two hundred and fifty, twenty-five or five of any one variety will be furnished by the thousand, hundred and ten rates, respectively, but single plants of one or more varieties will not be sold at less than 20 cents each, except Vines and Herbaceous Plants, the minimum price of which will be 15 cents each.

PACKING CHARGED EXTRA, but only sufficient to cover cost of time and material consumed in the work. When sending cash with order, add fifteen per cent. to the amount of the bill to cover packing charges.

POST OFFICE ORDERS payable at Dresher P. O., Montgomery County, Penna.

WESTERN UNION TELEGRAPH, AMBLER, PA. Use Nurserymen's Telegraphic Code or "A B C" Code, 4th edition.

VISITORS are always welcome and should take train at the Reading Terminal, 12th and Market Streets, Philadelphia, for **Camp Hill Station**, or at Broad Street Station, Pennsylvania R. R., for **Fort Hill Station**. Be sure that the train stops at these stations.

NOTICE.—It is necessary that you should **TELEPHONE** us (Bell Phone, Ambler 226-W; Keystone Phone, Jenkintown 652-Y), in advance of your coming, so that we can send an automobile to the station for you. Our office is 2½ miles from either station.

CERTIFICATE OF INSPECTION

Our nurseries are inspected several times each year, by inspectors of the Entomological Division of the Department of Agriculture of the State of Pennsylvania, and are free from insect pests and diseases. A certificate of the Department is attached to all shipments, and will also be furnished to customers if desired.

POT GROWN

Roses, Hybrid Wichuriana, Ramblers, Etc.

Few people realize the great advantages in planting pot grown roses instead of field grown and especially so in the fall. The pot grown plants being well established and heavily rooted in the pots and the ball of earth being shipped intact there is far less danger of loss in transplanting than with field grown plants. In setting out field grown plants the plants must be cut to the ground whereas when pot grown plants are used it is necessary to but trim back the long straggling shoots. The ball of earth on a pot grown plant carries the plant through the winter, whereas a field grown plant, having no earth about the roots when shipped, is more likely to perish. The cost of a pot grown plant is very little more than that of a field grown.

Hardy Herbaceous Perennials

The herbaceous plants offered in this list are all strong, field grown clumps, they are not small divisions such as offered by most nurserymen. In such plants that are of a character as to make them readily divisible it would be possible to divide our plants into from two to four plants of the sizes usually offered for sale. This fact should be given careful consideration when comparing our prices with others. It is a recognized fact that these strong field grown clumps give far better results than divided or small pot grown plants.

July to September, etc., indicates the period of flowering.

PRICES: Five plants sold at the rate quoted per ten, twenty-five at the hundred rate. Cost of box and packing additional.

When cash is sent with order include 15 per cent of the amount of the purchase price to cover cost of box and packing.

HIBISCUS, MEEHAN'S MALLOW MARVELS

We were the original introducers of this plant. It was produced by cross fertilization and selection until the desired results were obtained. Since we introduced the original plants we have greatly improved upon them by collecting seeds only from plants producing the finest types of flowers. Later the plant was offered by another firm under the name of "Giant Marsh Mallows," but there is absolutely no difference between these plants and our stock.

They commence flowering early in July and continue until late in September. The flowers on vigorous growing plants will measure from ten to twelve inches across. We offer them in four separate colors.

Prices for Strong Two Year old Roots.

White Mallow Marvels	2.50	per 10
Pink Mallow Marvels	2.50	per 10
Red Mallow Marvels	3.50	per 10
Crimson Mallow Marvels	3.50	per 10
